

Ideation Phase

Empathy Map Canvas

Date	20 July 2026
Team ID	FinWise AI Team (SmartBridge SIP 2026 - SRM AP)
Project Name	FinWise AI - Intelligent Loan Eligibility, Credit Analysis & Financial Advisory Platform
Maximum Marks	4 Marks

Target User: First-time loan applicant / financially inexperienced individual

Dimension	Details
Says	"Am I even eligible for this loan?" / "Why do I need to visit the bank just to be told no?" / "What does my credit score actually mean?"
Thinks	Worries that a rejected loan application will hurt their credit score further; unsure which of their numbers (salary, EMI, age, credit score) matter most; wants a fast answer without paperwork.
Does	Searches loan eligibility on Google; visits multiple bank websites; asks friends/family for informal advice; delays applying due to uncertainty.
Feels	Anxious before applying, confused by jargon (CIBIL, reducing balance, tenure), relieved when given a clear yes/no answer with reasons.
Pain Points	No single free tool combining eligibility + credit score + EMI + advice; long bank turnaround times; generic (not personalised) financial tips; fear of hard credit enquiries.
Gains / Goals	Instant, clear eligibility result; understanding of credit standing; accurate EMI figure to budget with; simple, personalised next-step advice; confidence to approach a bank prepared.

This empathy map directly informed FinWise AI's four core modules - Loan Eligibility Checker, Credit Score Analyzer, EMI Calculator and AI Financial Tips - each addressing a specific pain point identified above.
